

Creative Activities for People with Dementia

Join us in a constructive day exploring creative activities for people with dementia.

We will look at purposeful and specific activities designed to meet the needs of individuals at the different stages of dementia.

We will demonstrate the use of appropriate activity to encourage the inclusion of people in the early, middle and late stages.

This is a very practical day where delegates will have the opportunity to experience and analyse a variety of activities.

9.00 am - 4 pm
